18 Should you wish to provide details of any initiatives that you feel are particularly outstanding, or that have resulted in improved gender equality outcomes in your workplace, please enter this information below. (Please note that any information you provide here will appear in your public report)

In January 2013 we revised and refreshed our diversity strategy as well as our implementation approach to focus on attracting and retaining diverse talent and building an inclusive employee culture and have implemented the following initiatives which have resulted in improved gender outcomes:

- We formed a "Diversity and Inclusion Champions for Change" subcommittee which is chaired by the Managing Director & CEO, and includes three Executives and three male senior leaders.

- We included a workforce demographic questionnaire in our Engagement Survey for 2013 to gather data to understand the needs and challenges of our employees with respect to diversity now and in the future planning of strategies, programmes and initiatives.,
- In 2013 we significantly increased our internal and external communication using various communication channels to share knowledge and information, raise awareness and educate employees on the diversity agenda.
- We revamped our employment value proposition (EVP) to appeal to a stronger calibre of diverse candidates and the selection of seven brand ambassadors with diverse backgrounds, including two females and request females to be shortlisted by external recruitment agencies.
- We continue to focus on the creation of talent pools for regional women and review female talent as part of our talent review .
- We piloted an on boarding programme for women in operational roles and set a target to attract 50% female participation into leadership and talent programs and have 34% female emerging leaders cohort and 33% female graduates.
- A continued focus on the development of women in operational and leadership roles through individual development plans, mentoring programmes and holding women's network lunches sponsored by the Managing Director & CEO.
- Piloted an Unconscious Bias Leadership programme with the senior leadership team in the Storage & Logistics business unit.
- Maintaining pay equity on fixed remuneration in Australia with a slight increase from last year moving from 0.98% to 0.99% (female remuneration as a proportion of males).
- 30% of award recipients in GrainCorp's prestigious annual recognition program were women.
- We also ensure women on maternity leave receive fixed remuneration increases and are rewarded for their performance throughout the year by being eligible for a pro-rated short-term incentive bonus
- Increased flexibility in working arrangements particularly in office based roles. 67% of employees believe GrainCorp offers flexible work arrangements that meet their needs, and 12% of our employees are on current flexible work arrangements as measured through the annual engagement survey.
