## COMMENTARY:

- Some NSW sites have taken record receivals and additional bunker storage is being arranged in some north-west parts of the state.
- Rain events in NSW and VIC have delayed receival activity, particularly in southern-most sites.
- Harvest workers moving south with the season to assist with receivals in southern NSW and VIC.
- Quality has been consistent across the commodities, thanks to a good finish to Spring weather.
- 2-Day Payment terms, Secured Payments via CropConnect, up to 90 days of free storage, all available on GrainCorp's [Season Update website](#).
