## COMMENTARY:

- Queensland harvest now complete, with growers now looking ahead to summer cropping opportunities.
- Receivals in NSW are starting to wrap up, with some southern growers still delivering across Parkes, Wyalong and Cunnigar regions.
- Receivals picking up again in Victoria though activity may be impacted by hot weather and potential further Total Fire Bans across the state this week.
  - Wimmera and Central Victoria regions expected to stay active throughout January, while the Mallee and Swan Hill regions have largely finished up.
- Some sites open by appointment only now – growers should communicate with local site and area managers for opening hours and delivery information.
