

GrainCorp Pools

GrainCorp 09/10 Harvest Barley Pools - Fact Sheet

Objective of the 09/10 Harvest Barley Pools

- Maximise returns to Pool Participants
- Sell the pooled grain as directly to the end user as possible to capture maximum value
- Achieve a final Estimated Pool Return (EPR) above the average cash price for the life of the pool.

Geographically separate pools

- The GrainCorp 09/10 Harvest barley Pool is divided up into three separate pools: West Australia, South Australia and East Coast Australia
- GrainCorp will accept Malt and Feed barley in all three areas.

Hedging

- Large portion of the commodity as well as the currency exposure of the pool will be hedged
- Hedging will take place when growers commit grain to the pool
- Commodity will be hedged in options and/or in futures products relating to Australian and US futures exchanges
- Currency hedging will be done in options and/or in forward exchange contracts using major banks.

Payment Options

	<i>Harvest Payment</i>	<i>Deferred Payment</i>	<i>Standard/ Flexi Loans</i>	<i>Distribution</i>	<i>Single Sum</i>
Harvest	70% less 100% costs		Up to 75% less 100% costs

Note: The exact amount and timing of each payment will be at the discretion of the Pool Manager. For full details of the product offering please read the Pools Terms and Conditions carefully. All details are available from www.graincorp.com.au

Sales Program

- Initial planned sales program will be to sell between 5-15% of the pooled grain each month
- Our aim is to sell as directly as possible to end users as long as this provides the best value
- The sales program is planned to be complete and the pool finalised by December 2010
- GrainCorp reserve the right to vary the sales program if it is deemed to be in the best interest of the pool participants.

Pricing/Management Fee

- Estimated Pool Returns (EPR's) are quoted Free On Board (FOB) NETT of management fees.
- No Underwriting
- Management fee of 2.5% of the FOB EPR value
- Transparent and public disclosure of all estimated costs. See the Online Pool Calculator on www.graincorp.com.au.

Early Exit Option

- Ability to exit the pool at after March 1st 2010.
- A 10% discount of the FOB EPR value will apply
