## COMMENTARY:

- Some NSW sites closed over the weekend in response to extreme temperatures and wind speed.
- Queensland mostly winding down now with some final activity in the south
- Victoria ramping up with all regions now online, with a slightly later start than anticipated for the southern-most clusters
- COVID restrictions have eased in Victoria but we're still operating a contactless delivery process and encourage all growers to bring a mask with them regardless.
- ABARES updated crop forecast due to be published tomorrow, Tuesday 1 December.
- 2-Day Payment terms, Secured Payments via CropConnect, up to 90 days of free storage, all available on GrainCorp's [Season Update website](#).
