

Introduction

GrainCorp Limited’s (**GrainCorp** or **the Company**) Corporate Governance Statement outlines the governance framework the Company’s board of directors (**Board**) has adopted for all entities in the GrainCorp Group.

GrainCorp remains committed to ensuring that its systems, procedures and practices reflect a high standard of corporate governance. The Board believes that its governance framework provides clear guidance on how authority is exercised and promotes a culture of compliance, ethical behaviour, integrity and respect to protect shareholder and other stakeholder interests.

Annual overview

For the financial year ended 30 September 2025 (**FY25**), GrainCorp considers that its governance arrangements were consistent with the fourth edition of the ASX Corporate Governance Principles and Recommendations (**Recommendations**).

Copies of GrainCorp’s Constitution, Charters and related governance materials referred to in this statement are available on the Corporate Governance section of GrainCorp’s website at www.graincorp.com.au/corporate-governance.

Corporate Governance Statement

Principle 1

Lay solid foundations for management and oversight

Primary objective of the Board

The primary objective of the Board is to build long term shareholder value with due regard to other stakeholder interests. The Board provides governance and strategic guidance for GrainCorp and effective oversight of management. The governance structure determines how GrainCorp sets and monitors its profit and growth targets, while appropriately managing risk, and considering the interests of shareholders and other stakeholders. The diagram below shows GrainCorp’s governance structure which is described in further detail in this Corporate Governance Statement.

GrainCorp’s governance structure

Principle 1

Lay solid foundations for management and oversight

Board Charter

The Board has formalised its authority, responsibilities and processes in a Board Charter. The Charter includes the Board's role in strategy and planning, budgeting, financial reporting, employee and remuneration policies, risk management, governance, safety, health and environment, sustainability, audit, compliance and performance monitoring. The Charter is consistent with GrainCorp's Constitution. Under GrainCorp's Constitution, and as detailed in its Charter, the Board may delegate any of its powers to Committees of the Board. The standing Committees established by the Board are outlined in this Corporate Governance Statement.

Delegation to the Managing Director & Chief Executive Officer

During the reporting period, the Board delegated authority for the day-to-day management of GrainCorp to the Managing Director and CEO (**MD and CEO**), who manages GrainCorp according to the strategy, budgets, policies and delegations approved by the Board.

The MD and CEO and team of senior management (**Executive Team**) implement GrainCorp's strategic plans and manage GrainCorp's operations. The MD and CEO provides reports to the Board to ensure it is fully informed of all material matters.

The Board and its Committees monitor the decisions and actions of the MD and CEO and the performance of the business as a whole.

Board composition, selection and appointment of new directors

It is the Board's policy to achieve a balance of relevant industry, technical and functional skills, experience, and diversity amongst its Directors.

The People, Safety and Culture Committee (**PSCC**) has responsibility for reviewing and making recommendations to the Board regarding composition and the nomination process for appointments. The Board and the PSCC regularly reviews the size, skills matrix and composition of the Board to assess the need for any new appointments or changes.

When considering a candidate, in addition to skills, experience and diversity, the PSCC considers personal qualities, ability to devote sufficient time to the Board, and professional reputation. Background checks are also performed to assess the character, experience, education, criminal record and bankruptcy history of the candidate. The PSCC assesses potential candidates and makes recommendations to the Board for approval. Any Director who is appointed during the year must stand for election at the next Annual General Meeting (**AGM**). Through the Notice of Meeting, which is distributed to shareholders prior to the AGM, the Board provides shareholders with all material information that is disclosed to the Board and is relevant to a decision on whether or not to elect or re-elect a Director.

All Directors and members of the Executive Team are appointed subject to a written agreement with GrainCorp setting out the terms and conditions of their appointment. Appropriate background checks are also performed prior to appointments being made.

The Company Secretary

The appointment or removal of the Company Secretary is a decision made by the Board. The Company Secretary is accountable to the Board, through the Chairman, on all matters to do with the proper functioning of the Board. The Company Secretary works closely with the Chairman to manage the distribution of information between the Board, its Committees and the Executive Team.

The Company Secretary provides advice and support to the Board and its Committees on governance-related matters and is responsible for organising the induction of new directors. All directors have a right of access to information and advice, which is facilitated through the Company Secretary and the Chair of each Committee. The qualifications and experience of GrainCorp's Company Secretaries are set out on pages 24 and 46 of the 2025 Annual Report.

Evaluation of Board performance

The Board reviews its performance and that of each Director on an annual basis. During FY25, the Board completed an external Board effectiveness process to assess the performance of the Board as a whole, and each Director individually. The results of the review were used to identify opportunities to further enhance the effectiveness of the Board and its Committees.

In addition, the performance of a Non-executive Director is assessed when nominating for election or re-election at an AGM. In the particular Director's absence, the Board, following recommendations from the PSCC, assesses whether to endorse the Director's election or re-election to shareholders.

Evaluation of Executive Team performance

The MD and CEO is responsible for monitoring the performance of each member of the Executive Team. The MD and CEO is also responsible for ensuring there is an effective succession planning process for each Executive Team member.

Members of the Executive Team as at 30 September 2025 are listed on page 24 of the 2025 Annual Report. The Executive Team meets regularly to review performance and strategic issues, and to build alignment across the business.

Principle 1

Lay solid foundations for management and oversight

Each member of the Executive Team has a written position description, employment contract and annual key performance indicators (**KPIs**).

The MD and CEO reviews the performance of the Executive Team individually against agreed KPIs and GrainCorp's Values, and collectively against a balanced scorecard of financial and non-financial measures (**Group Scorecard**). The PSCC reviews the performance outcomes of the Executive Team. Performance reviews of the Executive Team were conducted by the MD and CEO for the year ended 30 September 2025.

The Board reviews, supported by the PSCC, the performance of the MD and CEO against the Group Scorecard and agreed KPIs. This has been conducted for the year ended 30 September 2025. Further details on executive remuneration are outlined in the 2025 Annual Report.

Board and Committee meetings

The Board and its Committees meet regularly throughout the year according to an annual schedule of meetings, and at other times as required. Details of the number of meetings held and the attendance record of each Director for FY25 are on page 46 of the Directors' Report in the 2025 Annual Report.

Diversity, Equity and Inclusion

At GrainCorp, we value diverse thinking and perspectives to drive innovation and enhance business results. We're committed to creating an inclusive work environment that attracts and retains a diverse workforce, boosting our efficiency and overall performance.

The Inclusion and Diversity Action Plan (iDAP) details the commitments and initiatives that foster a culture of inclusion and is designed to celebrate the diversity that strengthens our company.

We recognise that an inclusive and diverse workforce is essential for attracting, retaining, and leveraging talent. We seek to provide a workplace that promotes equal opportunity and is free from all forms of discrimination, including race, colour, national origin, age, marital status, family or carer responsibilities, gender identity, sexual orientation, religion, and physical ability.

GrainCorp conducts annual internal pay equity analysis to ensure performance and reward outcomes are gender neutral, non-discriminatory and free from bias.

GrainCorp recognises that flexible work arrangements are a key driver to attracting and retaining employees across all our geographies and generations in our workforce. We currently offer Australian based employees Purchased Annual Leave of up to four weeks, in recognition of the need for greater flexibility at different life stages. Our Australian parental leave policy also provides 14 weeks paid leave for primary care givers and two weeks for secondary care givers.

Gender diversity

To improve and promote gender diversity, GrainCorp has set aspirational longer term gender participation targets to be achieved by the end of FY30. The stepped participation targets have been shaped towards achieving the FY30 goal, with biannual milestones to ensure progress remains on track and activity can be managed appropriately.

GrainCorp's Board has set gender targets to achieve a 40/40/20 balance by 2030, aligning with WGEA guidance on sustainable, long-term goals. Research from WGEA indicates that overly ambitious targets are less likely to be met, which can dampen motivation for change. While we remain committed to these ambitions and will monitor progress regularly, we aim to maintain momentum over the long term. Notably, GrainCorp's participation levels for women have increased from 23% to 30% over the past five years.

GrainCorp's aspirational longer term gender participation targets are designed to ensure that, by the end of each stated period, women comprise not less than:

	End of FY26	End of FY28	End of FY30
Non-Executive Directors	Not less than 30%	Not less than 35%	Not less than 40%
Executive Leadership Team	Not less than 30%	Not less than 35%	Not less than 40%
Rest of Business	Not less than 31%	Not less than 34%	Not less than 37%
People Leaders	Not less than 35%	Not less than 37%	Not less than 40%

Principle 1

Lay solid foundations for management and oversight

Our diversity targets are supported by measurable internal diversity objectives that are set on an annual basis and focus on aspects such as inclusive leadership, unconscious bias, talent acquisition, development, and retention. We review objectives annually to ensure they remain appropriate to our industry and operating context.

The table below shows the breakdown of employees by gender for each operating location as at 30 September 2025.

1. FY25 data points are subject to PwC’s Limited Assurance Report, which is available on pages 62 to 70 of the 2025 Sustainability Report.

Principle 2

Structure the Board to add value

Structure of the Board

GrainCorp's Constitution contains provisions concerning Board size, meetings, and the election, powers and duties of Directors. Collectively the Board aims to achieve a broad range and balance of skills, experience and expertise to oversee GrainCorp's operations. The Company's Constitution stipulates a minimum of four and a maximum of ten Directors.

As at 30 September 2025 the Board comprised seven Directors: six Non-executive Directors and one Executive Director, being the MD and CEO. One additional Non-executive Director, Ms Sarah Adam-Gedge was appointed effective 1 November 2025.

The Chairman of the Board is an independent Non-executive Director. The skills, experience and responsibilities of each Director are on pages 22 and 23 of the 2025 Annual Report.

Details of the period of office held by each current Director and the year of their last election are set out in the table below.

Board independence

For the year ended 30 September 2025, all of GrainCorp's Non-executive Directors are considered by the Board to be independent.

The Board Charter details the criteria to be used to assess whether a Director has a relationship with GrainCorp, which could, or could be perceived to, impede independent decision making. All Directors are required to notify the Chairman and Company Secretary of their interests and other appointments as they arise.

During the reporting year, certain Directors, through their association with other entities, entered into transactions with GrainCorp in the ordinary course of business. Those transactions were neither material nor impacted upon the independence of those Directors, and they were conducted on 'arms-length' commercial terms, being no more or less favourable than other users of GrainCorp's services. Details of transactions with Directors are shown in Note 4.5 of the 2025 Annual Report.

Conflicts of interest

Each Director has a responsibility to determine whether he or she has a potential or actual conflict of interest in relation to any matter which comes before the Board. The Company maintains a Register of Directors' Interests which is updated regularly.

The Board Charter and Conflict of Interest Policy details the obligations of Directors in dealing with any conflicts of interest. Should a conflict arise, the conflicted Director will not receive any Board papers relevant to such conflict and, unless the non-conflicted Directors resolve to the contrary, will not be present for Board deliberations on the matter and will not vote on any related Board resolutions. The same procedures apply in the event of a conflict relating to any matter to be considered by any Board Committee.

GrainCorp's Code of Conduct provides guidelines for dealing with conflicts of interest, for Executives and other employees.

Director	Appointed	Last Elected at an AGM
Peter Richards	9 November 2015	13 February 2025
Kathy Grigg	11 December 2019	16 February 2023
Clive Stiff	1 October 2021	13 February 2025
Peter Knoblanche	1 December 2023	14 February 2024
John Maher	1 December 2023	14 February 2024
Samantha Hogg	22 September 2025	To stand for election at next AGM
Sarah Adam-Gedge	1 November 2025	To stand for election at next AGM
Robert Spurway	23 March 2020	Not applicable

Principle 2

Structure the Board to add value

Access to information and independent advice

In accordance with the Board and Committee charters, Directors may access information and seek independent professional advice which they individually or collectively consider reasonably necessary to fulfil their responsibilities and allow independent, well-informed judgement in decision making. All such information and advice will be shared with all other Directors unless precluded by a conflict situation and will be at GrainCorp's expense.

Tenure and election at Annual General Meetings

Non-executive Directors must retire from office and may seek re-election by shareholders at the third AGM after their election if they seek to continue in their role. The Constitution requires that there be an election of Directors at every AGM. If no Director is to retire from office in accordance with their tenure, the Director to retire will be the individual who has held office for the longest period since last elected or re-elected. GrainCorp's Constitution does not impose a maximum term of service on Directors.

The Chairman is appointed by his or her fellow Directors with the term of office determined by the remaining members of the Board. The Chairman is subject to the same Director re-election rules as other Non-executive Directors.

Board Committees

The Board may from time to time establish and delegate powers to committees, in accordance with GrainCorp's Constitution, to assist in the discharge of its responsibilities. The current standing Committees are as follows:

- Audit and Risk Committee (**ARC**)
- People, Safety and Culture Committee (**PSCC**)
- Sustainability Committee

Each Committee is comprised of a majority of Non-executive Directors and is chaired by an independent director.

Membership of each Committee is determined by each Director's skills and experience, their ability to add value and to commit the necessary time to the Committee.

Each Committee operates under a Charter detailing its responsibilities and has unrestricted access to GrainCorp's Executives, advisors and other employees as well as to information necessary for the discharge of its responsibilities. The MD and CEO attends all meetings as appropriate, but does not attend any meetings where his performance, any conflicts, appointment or remuneration are being considered.

Proceedings of each Committee meeting are reported by the respective Committee Chair at the first Board meeting following the Committee meeting.

Details of the Directors' attendance at Committee meetings of which they were a member in FY25 are contained in the Directors' Report on page 46 of the 2025 Annual Report.

People, Safety and Culture Committee

The PSSC is the 'nominations committee' for the Board and is also responsible for assisting the Board in the oversight and evaluation of GrainCorp's people strategy and remuneration framework (detailed at Principle 8 of this Governance Statement). The full responsibilities of the PSSC are detailed in its Charter.

The current members of the PSSC are John Maher (Chair), Peter Knoblanche and Sarah Adam-Gedge. The MD and CEO, Chief Corporate Affairs Officer & Group General Counsel, Company Secretary and Chief People Officer attend all meetings of the PSSC by invitation.

The responsibilities of the PSSC in relation to the 'nomination committee' function include:

- Reviewing GrainCorp's remuneration framework to ensure alignment between organisational performance and shareholder expectations;
- Reviewing the composition, functions, responsibilities and size of the Board;
- Reviewing and approving remuneration and performance targets for members of the Executive Team, including the monitoring of performance against those targets; and
- Reviewing and overseeing GrainCorp's people strategies and practices in regard to culture, employee engagement, succession planning, talent management, training and development, diversity and inclusion, and industrial relations.

Principle 2
Structure the Board to add value

Board skills, experience and attributes

GrainCorp seeks to maintain a Board of Directors with a broad range of skills, experience and knowledge necessary to guide the business. In FY25, the Board completed a comprehensive review of its Board Skills Matrix to support Board renewal and succession planning. This review identified the desirable attributes and how they are represented on the Board.

Principle 2

Structure the Board to add value

The Board strives for gender diversity and relevant geographic experience within these skill sets and aims to ensure that the Board, as a whole, is able to demonstrate a blend of capabilities.

The PSCC assesses candidates and makes recommendations to the Board regarding candidates it considers appropriate for appointment. Such recommendations focus on the mix of skills, experience, expertise, diversity and other qualities of existing Directors, as well as how the candidate's attributes will balance and complement those qualities and address any potential skills gaps.

Director induction, training and ongoing development

Upon appointment, Directors undertake a comprehensive induction program tailored to their individual needs, outlining key information relevant to their role. This includes briefings on the Company's business and strategic plans, culture and values, policies, operations and the environment in which it operates. The program also includes: meetings with external and internal auditors and other advisors where appropriate; discussions with the Chairman, other Directors and management; site visits to gain a thorough understanding of the Group's asset profile, business drivers and risk factors; and extensive background reading materials including information on any current issues before the Board.

Directors are encouraged to undertake continuous education and training to develop and maintain the skills and knowledge required to perform their role effectively, and are provided with appropriate professional development opportunities to do so. Directors receive briefings on developments in the industry and updates on the legislative and regulatory frameworks within which the Company operates. In FY25, the Board and Committees received briefings on a range of topics including AI, Advanced Analytics, Science Based Targets, Cyber security and Cyber Crisis Response and Psychosocial Risk Management.

All Directors undertake regular site visits with the purpose of enhancing each individual Director's knowledge of the business and its operating environment, and to engage with operational personnel to assist in their understanding of safety performance and culture.

Principle 3

Instil a culture of acting lawfully, ethically and responsibly

Code of Conduct

GrainCorp has adopted a Code of Conduct (**Code**) which provides a set of guiding principles for acting with honesty, integrity and fairness at all times. The Company's Values provide a common understanding of the expected behaviours of Directors, the Executive Team and all employees.

Any material breaches of the Code of Conduct are reported to the Audit and Risk Committee as well as other Board Committees, or to the Board, as may be required. The Code of Conduct is available on the Company's website.

Dealing in GrainCorp securities

GrainCorp's Share Trading Policy (**Policy**) prohibits dealing in GrainCorp's securities by all Directors, Executives and other employees, or their associates, when in possession of unpublished price sensitive information concerning the Company.

The Policy prohibits 'Restricted Persons' (as defined in the Policy) from dealing in GrainCorp's securities at all times other than during specific 'Trading Window' periods. A Restricted Person may only deal in a Trading Window when not in possession of price sensitive information.

The Policy outlines the requirements and process for Restricted Persons to seek approval before they, or their associates, deal in the Company's securities.

The Policy also prohibits Restricted Persons and their associates from providing GrainCorp securities as security in connection with any margin loan or similar financing arrangement without prior approval.

Further, it is a condition of any grant to employees of any performance rights or deferred shares that no schemes are entered into that protect the value of such performance rights or shares before they vest.

We demonstrate accountability for our decisions, actions and results by taking personal ownership. We do what we say on time every time to deliver and exceed on expectations.

Principle 3

Instil a culture of acting lawfully, ethically and responsibly

Any breach of this condition constitutes a breach of the terms of the grant and may result in the forfeiture of the performance rights or deferred shares.

A copy of the Share Trading Policy is lodged with the ASX and is available on the Company's website.

Whistleblower protection

A principle underlying GrainCorp's Code is the requirement for any person at GrainCorp to immediately report, in good faith, any known or suspected breaches of the Code, GrainCorp policies or the law.

GrainCorp's Whistleblower Policy provides a mechanism whereby such breaches may be reported on a confidential basis without fear of reprisal, dismissal or discriminatory treatment.

Reports may be made under this policy to specified 'Whistleblower Disclosure Officers' or to an independently managed 'whistleblower hotline' available in all the countries in which the Company has operations, and to all employees and external parties.

The Audit and Risk Committee receives reports of potentially material incidents under the Group Whistleblower Policy and refers matters regarding material incidents to the Board.

A copy of the Whistleblower Policy is available on the Company's website at www.graincorp.com.au/corporate-governance.

Anti-bribery and corruption

GrainCorp strives to meet the highest ethical standards in our business dealings. Customers and suppliers are treated in a fair, open and honest manner at all times. GrainCorp has an Anti-Bribery and Corruption Policy that applies to all employees, consultants, Directors, officers, agents and contractors who provide services to GrainCorp. Incidents or breaches pertaining to bribery and corruption are reported to the Audit and Risk Committee.

Political donations

GrainCorp will not use Company funds, property, goods or services as a contribution to a political party or candidate, or for increased consideration or favourable treatment. The Company may pay legitimate fees for approved GrainCorp attendees to participate in, or attend as observers, those political events which are assessed to be of relevance to GrainCorp, its industry or operations. Such fees are approved by the Chairman and the MD and CEO. Further detail is outlined in the Company's Code, which is available on the Company's website.

Principle 4

Safeguard integrity in financial reporting

Audit and Risk Committee

The role of the Audit and Risk Committee (**ARC**) is to assist the Board in fulfilling its responsibilities in relation to risk management, financial reporting and internal controls. The ARC reviews GrainCorp's financial reporting processes, systems of internal control and management of financial risks, as well as the process, coverage, performance and independence of the internal and external audit functions. The responsibilities of the ARC are detailed in its Charter.

The current members of the ARC are Kathy Grigg (Chair), Samantha Hogg, Sarah Adam-Gedge, Peter Knoblanche and Clive Stiff. Collectively the Committee members have the technical expertise to enable the ARC to effectively discharge its responsibilities. Details of the ARC members' qualifications, experience and attendance at meetings in FY25 are set out on pages 22 and 23 and 46 of the 2025 Annual Report.

The MD and CEO, Chief Financial Officer (**CFO**), Chief Corporate Affairs Officer & Group General Counsel, Company Secretary, General Manager – Risk & Assurance, as well as representatives from GrainCorp's external and internal audit teams, attend all meetings of the ARC by invitation. The ARC regularly meets with the external auditors and advisors without the presence of the Executive Team or management.

External audit

PricewaterhouseCoopers (**PwC**) has been GrainCorp's external auditor since 1998 and is responsible for reviewing and auditing the half year and full year financial statements and reports in order to provide an independent opinion that these statements and reports are true and fair, and comply with applicable accounting standards and regulations.

PwC attends all meetings of the ARC by invitation and meets regularly with the ARC independently of management to discuss matters which have arisen during the course of its reviews and audits.

Representatives of PwC also attend GrainCorp's AGM to answer any shareholder questions on the conduct of the audit, the preparation of the audit opinion and any other related matters.

GrainCorp's Board has adopted an External Auditor Independence Policy (**Independence Policy**) to govern the independence of the external auditor. The Independence Policy places restrictions on the range of non-audit services PwC can provide to GrainCorp and contains a requirement that the lead audit partner be rotated after five years, unless that appointment is extended by agreement under transition provisions.

The Independence Policy also specifies the type of non-audit services or assignments that PwC cannot undertake. In addition, any non-audit services or assignments that are not prohibited, with estimated fees in excess of \$100,000, must be approved by the ARC before that service or assignment commences. The CFO has been authorised to approve such services and assignments with fees estimated to be less than \$100,000.

Principle 4

Safeguard integrity in financial reporting

No work will be awarded to PwC if the ARC or the CFO, as applicable, believe such work would give rise to a 'self-review' threat (as defined in APES110-Code of Ethics for Professional Accountants) or would create a conflict, or potential conflict, of interest for PwC or otherwise compromise PwC's independence.

Details of the amounts paid to PwC during the year, including for any non-audit services provided, are disclosed in Note 5.1 to the Financial Statements of the 2025 Annual Report.

PwC has provided GrainCorp with the required full year certification of independence which is on page 65 of the 2025 Annual Report. GrainCorp's current Audit Engagement Partner is Eliza Penny.

Management assurance to Directors

The MD and CEO and the CFO have provided a declaration to the Board in relation to the production of GrainCorp's full year financial statements and reports, as required by section 295A of the *Corporations Act 2001*.

Supporting this declaration are certifications of assurance provided by other senior managers, including senior finance managers within GrainCorp. These certifications comprise representations and responses to questions concerning GrainCorp's financial results, disclosure processes and controls and other matters related to GrainCorp's external reporting obligations.

The effective control environment established by the Board and reviewed by internal audit as part of its annual review program, supports this declaration. Associated companies and joint ventures which are not controlled by GrainCorp are not covered by this declaration. Further, the declaration provides a reasonable level of assurance of GrainCorp's risk management, internal compliance and control systems, but does not imply a guarantee against any adverse events or more volatile conditions and outcomes which may occur in the future.

Verification of periodic corporate reports

GrainCorp has a review process in place which includes verification testing of content, and a review and sign-off by management prior to the Board formally approving the release of material public information, including periodic corporate reports that are not audited or reviewed by the external auditor. The process followed is specific to the nature of the relevant announcement or report and includes review by the relevant subject matter expert and review against source documentation. The non-externally audited components of the Annual Report, Sustainability Report and this Corporate Governance Statement have been verified consistent with this process.

Principle 5

Make timely and balanced disclosure

Commitment to disclosure

GrainCorp seeks to provide shareholders and other interested parties with quality information in a timely way through the reporting of financial results, the provision of the Annual Report, as well as other announcements and briefings to the market.

GrainCorp is committed to:

- Ensuring that its shareholders and other stakeholders are provided with timely and balanced disclosure of all material matters concerning GrainCorp.
- Complying with its continuous disclosure obligations as required by the *Corporations Act 2001*, ASX Listing Rules and the Recommendations.
- Ensuring that all stakeholders have equal and timely access to externally available information issued by GrainCorp.

Continuous Disclosure and Financial Markets Communication Policy (Communication Policy)

GrainCorp's Communication Policy supports the commitment to a fully informed market in its securities by ensuring that announcements are:

- Made to the market (via the ASX Announcement Platform) in a timely manner, are factual and contain all relevant material information.
- Expressed in a clear and objective manner that allows investment community stakeholders to assess the impact of the information when making investment decisions.

Any new or substantive investor or analyst presentation is released on the ASX market announcements platform and the GrainCorp website ahead of any presentation.

GrainCorp's Company Secretary is responsible for monitoring compliance with the continuous disclosure obligations and for overseeing and coordinating disclosures to the ASX and other interested parties. The Company Secretary is responsible for the release of all communications to shareholders.

The Board approves and receives a copy of all material ASX announcements.

Principle 6

Respect the rights of security holders

Annual General Meeting of Shareholders

GrainCorp recognises the importance of enhancing its relationship with shareholders by:

- Communicating effectively.
- Providing ready access to clear and balanced information about the Company.

GrainCorp is one of Australia's largest agribusinesses and a global food ingredients business, with a significant presence in the storage and logistics of grain and non-grain commodities, the marketing of grain domestically and internationally, the production and marketing of edible oil products, as well as the production of consumer end-products. Risk is, therefore, inherent in GrainCorp's daily operations and the ability to achieve the Company's goals depends heavily on how effectively risk is managed.

GrainCorp's risk management objective is to ensure all material risks are identified and, where practical and economically viable, measures are implemented to mitigate or otherwise manage the impact those risks may have on GrainCorp's activities.

Risk management framework

GrainCorp's risk framework consists of the Risk Management Framework and Policy (**Risk Management Policy**), which is largely consistent with the Australian/New Zealand and International Standard on Risk Management: AS/NZS ISO 31000:2018 and applies to all entities within GrainCorp.
